HARMONY IN THE FEELINGS

Don't be so afraid of hurting somebody's feelings if somebody is dumping discord into your world. Make them stop and you'll be happy and free. I tell you, Dear People, just the cunning, subtle suggestion offered—what it can do. Oh, I have seen this thing done time and again when a husband and wife are so happy and harmonious together and some vicious fiend will come along and say, "You know, I think you ought to be just a little bit careful. I saw your wife dining with somebody yesterday." *(laughter)* And then they'll get you the next time and say, "Oh, I saw your husband out with somebody." Ninety percent of the time that's a fiendish falsehood, but that sinister thing gets hold of individuals and makes them say those things; and then ten minutes after, they'd have given their right arm not to

have said it. There is where your guard has got to come, Dear Hearts. I'm telling you, we're going right down to the root of things; and we are going to clean this out of all your worlds and we're going to have you see and stand guard—and with a joy and happiness of doing it and no false pride or darn nonsense there. *(applause)*

I want you, Dear, Precious Ones, to stand with us in that and help to clear everything out of your worlds—all deceit and treachery; for it's the most terrible thing in the world. And notice, Dear Hearts, you may be a wonderful character in this life, honest and wonderful and sincere. But do you know what was in the past of your life? I have contacted some instances where this life was marvelous, and all of a sudden something began to change in that life. Why? Because in a previous embodiment a tragic thing had occurred, and when they contacted those individuals again in this life, it began to stir that old condition that existed and the whole life changed. Why? Because that was intense desire and it was overruling the desire of this life. Watch out, Dear Hearts! Don't you see why we plead with you with all our Hearts to call the "Presence" to use that Violet Consuming Flame, that all past conditions of all embodiments, cause, effect, record, and memory are erased and dissolved and consumed. Then those things wouldn't occur.

I prompt you, Dear Students. If this has not been done, you will find these things—because you're being brought in contact with individuals whom you have contacted many times in many lives before; and if there's been any contact there that was tragic, you're very apt to find that trying to rush into action this time. I know these Laws, Dear Hearts, from A to Z; and don't make any mistake about it. I know every force that acts upon mankind; and in these

conditions—I don't know what's been in your past, but I know there is not a living person in embodiment today that hasn't had plenty of discord in conditions which they wouldn't care to look upon this time.

Therefore, Beloved Ones, you must be on guard against these things; and if some force contrary to the Purity and Perfection of Life begins to try to surge in your feeling, nail it right then and there to the Cross of Blue Flame. If necessary, put your own physical body on a Cross of Blue Flame and call the "Presence" to dissolve every condition that has ever been there. Do you know, Precious Lotus and I put our bodies on the Cross of Blue Flame, I'm telling you, any moment that something tries to act there; and it's gone in an instant. Dear People, we mean business. I want to tell you, if I did not understand every particle of this Law, how in the name of Heaven could I prompt you? And don't you see, it's only love and kindness that's prompting. Dear Ones, now notice! If this were any imaginary thing in my mind, don't you see, I couldn't know. I couldn't understand and give you the explanation of how to guard against these things. But I do. With Saint Germain, I tell you—you have no idea—there's only a fragment come forth yet of those experiences with Him.

In all conditions of Life—and there's not one condition of Life existing in which He did not train me for your Blessing—therefore, Beloved Ones, I haven't said so very much yet, but you wait. It's coming. *(applause—laughter)* But this time, with your great love I can say things to you that I never could before in this Great Law. And it's going to be done. So with all your love *(applause)* join me in the full acceptance, and allow me, if you will, to prompt you to stand guard over these things which you don't yet understand.

I know that, Dear Hearts, you couldn't know these things unless you had been with me and Saint Germain at the time. And knowing that I am the one whom He has taken and shown these things to bring this Blessing to mankind (and so far, no others have had this same experience), then I know that I must prompt you. And as the Student Body is getting more prepared for these things, then He will allow more and more of these things to come forth. They are vital in your Life, every one of you; and unless you understand the forces and conditions that are acting in your life, how in the world can you have any control or guard over them? You just can't do it if you don't know what's acting. Therefore, as we go forth in this, I tell you, Dear Hearts, there will not be left one thing which you do not understand in the outer consciousness. And this time you are going to retain it in the outer consciousness and be the guard. *(applause)*

BELOVED ROSE OF LIGHT

Very often in the Service which the Angelic Host render, you could see, if you were to observe from Our Octave, Groups of Them—and just as They pass through a certain condition in the atmosphere of Earth over a locality, as Their Love pours forth, It becomes like a great wave on the ocean. Like a wave of water would come this way, Their Great Flame and Substance of Their Love floods this way through a condition; and wherever It passes, that Love takes Command and hate is unable to express.
